Flair Feedback

A few months ago students completed a questionnaire that looked at how much racism they have experienced upon themselves or had witnessed. The aim of this questionnaire is to look at where there have been issues and what can be put in place so that it does not happen in the Academy. One of their suggestion was to start a student group that would work together to address any issues. If your child would like to be part of this group, please ask them to speak to me, alternatively they can send me an e-mail at smiller2@asadunstable.org.

Simon Miller

Deputy Principal—Behaviour and Attitudes

Improving Behaviour

We use several different ways to measure behaviour within the Academy. One of the key measures is the number of times that teachers ask for support in lesson. This has been tracked through the whole academic year, and this number has decreased all year and is at the lowest it has ever been. This proves that the behaviour of students in lessons is good and that the overwhelming majority of students are behaving appropriately.

Security Checking

At the Academy, we have purchased a number of security wands so that students can be checked on their way into the Academy. They are set off by metal, meaning students' phones will set them off. Students are to put their phones in a Yondr pouch and all students have been supplied with one. If you need to purchase a new one, these are available to buy through ParentPay, alternatively students can pay with cash at Student Reception. The cost of a replacement Yondr pouch is £10.

The scanners also pick up vapes which have been in the news a lot recently due to the concern over youth addiction to these products. They are a banned item in the Academy and the sanction for bringing one on site is a suspension.

Attendance

The national picture for attendance is challenging and shows that student attendance is lower than this time last year. We understand that some students have struggled since the end of the pandemic and mental health issues are at an all-time high, but we firmly believe that the best place for students to be is within the Academy and getting back to a normal routine. If your child is struggling with mental health issues, we can support in the Academy, so please make contact with your child's Head of Year and they will be able to offer

Mocks

The Year 11 students have been sitting their final set of mocks this week and last. It is pleasing to see that so many are able to sit these examinations in a mature manner and are able to meet the expected examination standards. The examination period can be a stressful and anxious time for students and mock exams provide a vital experience, allowing them to develop the necessary behaviours and coping strategies required to overcome these feelings. Well done to those who have faced this experience with determination and have conducted themselves with dignity.

Laura Wigley

Assistant Principal

Behaviour Programme

Selected students from Year 10 took part in a one day behaviour programme led by Mrs Manning and Mr Oyemade. Students were asked to reflect on their own behaviours and how this may impact the learning of others. They were also reminded of the behaviour expectations at the Academy and looked at ways that they might shift their negative behaviour patterns into more positive ones. All in all, the day was a success and allowed the students involved to put into practice what they had learned straight away by taking part in a run through lesson. It is great to see that those who took part are making an effort to gradually reduce their behaviour points and even gaining some House points to help them achieve a positive net total.
