	Substantive Knowledge	The What! Year 9, students build on their previous knowledge and skills through a combination of improvised, devised and scripted performance. By exploring the key concepts of practitioners such as Stanislavski and Brecht, students will be able to secure cultural capital and develop an appreciation of the art form. Students will understand how the work of dramatists is communicated effectively through performance and how alternative staging allows for different interpretations of a play and therefore develop a greater understanding of societal perspectives and approaches to situations and explore political theatre and the ways in which the arts can provide a voice for the voiceless. Students will be able to improvise, rehearse and perform play scripts and poetry in order to generate language and discuss language use and meaning, using role, intonation, tone, volume, mood, silence, stillness and action to add impact to further their essential skills within English language and beyond		
	Disciplinary knowledge	The How! In small groups, students explore the script of Blood Brothers by Willy Russell. In small groups, students look at the class system and how that impacted life in Liverpool in the late 70s. Students perform their own monologues. Students design the staging and settings for their own monologues. Students will perform their part way performance after the first topic completion. Students will perform their overall piece.		
	Sequencing (Flow)	Retrieval & Extension Building upon the skills and knowledge attained in Year 8, students will apply this to the styles of theatrical practitioners. Having explored elements of the practices students will now be able to move beyond the basic application to a fuller and more realised understanding of the skills of Stanislavski and Brecht.	Using the knowledge and skills developed in the previous term and throughout their Year 7 and 8 drama curriculum, students will be able to apply previously explored techniques to the delivery of their monologues and justify particular performance styles and practitioner application. Students will also be able to expand upon their previous knowledge and apply this to a live theatre experience whilst developing a greater understanding of the wider aspects of technical and design theatre.	Using the knowledge attained throughout the curriculum as a whole, students will apply this to create a piece of devised theatre. They will be able to apply practitioners skills and techniques along with styles and themes of theatre explored.
	Summative Assessment	Students responded to stimuli and perform devised piece. (Unit 2 Section A of the GCSE exam)	Students perform scripted extract from Blood Brothers. (Unit 3 of the GCSE drama exam)	Students will complete a mock version of the Unit 3 GCSE drama exam.

	Link to SMSC & British Values	Developing opinions on current issues Whilst our broad and balanced curriculum is designed to support students in the development of their skills in making, performing and responding, it is fundamentally about the growth of the individual. Our drama curriculum allows students to develop a number of essential skills for life and give all students the opportunity to realise their own potentials, allowing the development of confidence and the temperance of fortitude. Our expectations are that students consistently challenge themselves and take risks in the creation and performance of drama in their lessons. As a department we wholeheartedly believe that drama can enable our students to grow into more rounded and self-aware young adults. Drama, in short, is essential.
